BRIOTIX HEALTH Successfully Completes Type II SOC 2 Audit In Continuing Commitment to Data Privacy and Cyber Security

CENTENNIAL, CO – August 18, 2023

Briotix Health, an industry-leading provider of musculoskeletal prevention and health solutions, has successfully completed its Type II SOC 2 audit of its security, infrastructure, and policies. This examination continues Briotix Health's ongoing commitment to premiere technical and operational best practices in safeguarding our current and future clients' data and digital assets.

Established by the American Institute of Certified Public Accountants (AIPAC), the SOC 2 examination is designed for organizations of any size, regardless of industry or scope, to ensure the data of their potential and existing customers are protected. Type II SOC 2 is a continuation of Type I and requires a more rigorous examination process over the course of six months to fully affirm the long-term safety of all assets.

"With constant developments and evolutions occurring across the sector of Data Privacy, Briotix Health dedicated themselves to providing the most secure in previously achieving the Type I SOC 2 designation," said Johan Suero, Technology Director. "This new designation, of Type II SOC 2, has established Briotix Health as a leader in security and demonstrates our deep commitment to client safety and security. Moving forward, we will continue to guarantee the highest level of service and security for all clients."

Briotix Health's SOC 2 audit was conducted by leading compliance assessor A-LIGN, a technology-enabled security and compliance partner trusted by more than 2,500 global organizations to help mitigate cybersecurity risks.

ABOUT BRIOTIX HEALTH

At Briotix Health, we build relationships and your workforce to deliver meaningful results in employee health. We focus on musculoskeletal injury and disability prevention; leveraging customized next-generation technology to optimize results. Our four areas of focus are Industrial Sports Medicine™, BTE Employment Testing, Office Health & Ergonomics, and Specialized Solutions.

Briotix Health's clients include many Fortune 500 companies and their global operations and a significant number of the largest insurers and their proxies. Based in the United States, the company services clients throughout the United States and in more than 55 countries.
